

ANCHOR GOLD

DOUBLE LINER MEDIA BLAST STENCIL

Superior media blast product offering for all double liner applications. Anchor Gold is competitively priced and made in the USA.

FEATURES & BENEFITS

- High quality and durable rubber construction
- Bright gold polyester liner for retaining cut designs during liner removal
- Superior bonding to smooth surfaces
- Rubber extends to the edge of the material to prevent slipping and for smoother tracking through high-speed cutters
- Designed for precision cutting in all plotters

PRODUCT APPLICATIONS

- Single-processing media blast carving of granite or marble
- Double-processing media blast carving of granite or marble
- Recommended for use with IPG #223 and #333 Fillers
