

COLD WEATHER SOLUTIONS

FSK1

ALF200L

SQUEEGEE

ALF175L

Count on IPG when you need cold temperature aluminum foil tapes specifically engineered to meet the most stringent requirements of the HVAC industry. IPG cold temperature foil tapes have an aggressive acrylic adhesive and high shear adhesion ideal for seaming, patching, sealing, and maintaining vapor barrier integrity. The shiny foil backing offers an enhanced appearance and excellent reflective properties. These tapes are typically flame retardant, UV and mold resistant.
